**From the Editor's Desk**

The Pandemic Covid-19 continued to restrict our Community Based Rehabilitation work among the poor people with disabilities, spread over six village panchayats. Many of our service areas were declared as containment zone and our community workers could not enter the area to provide medical. Economic and social rehabilitation.

We however, tried our level best to extend help to these poor people as otherwise their sufferings would have no end. It is our earnest prayer that this pandemic will end soon and that we will be able to resume our rehabilitation work in a full-fledged manner, which includes transportation of the patients to various hospitals, providing them with required medicines, prosthesis, orthosis, other aids for self-employment schemes and education. Let's join in prayer that we will soon reach the end of the dark tunnel.

Office-bearers and members of the Executive Committee for 2020-21
